Pearson Successnet

Log in and create an account: www.pearsonsuccessnet.com

Establishing your Successnet account

Click the register button.

First thing you will need is the Access Code.

To register your class:

FirstName, MiddleInitial, **LastName**, StudentID, Grade, SuccessNetLanguage, UserName, Password, PasswordConfirmation, Gender, EnglishLanguageProficiency, Ethnicity, MealProgram, SpecialConditions, MigrantStatus, SpecialServices.

The excel document has to include these columns, not all need to be filled in. . just First Name and LastName. Once you have completed the Excel document - it has to be saved as a txt. Document. (go to Save as type). If you are uncomfortable with Excel - you can type in your class list.
